IOSH Working Safely

Introduction:

BTS's IOSH Working Safely courses are an ideal introduction to why health and safety are important. They are designed to improve the safety culture within an organization and provide employees with an understanding of how their actions in the workplace contribute to safety, health and well-being, as well as their individual safety responsibilities in keeping themselves and others safe at work.

Who Should Attend?

The IOSH Working Safely course is suitable for employees at all levels of any organization and in any sector, as well as those seeking to enter the workplace.

The benefits of Achieving the IOSH Working Safely Certificate include:

- Enables delegates to define hazards and risks.
- Enables delegates to identify common hazards.
- Improves an organization's overall safety performance.

Learning Aims:

- To provide learners with an understanding of how their actions in the workplace contribute to safety and health.
- To ensure that learners clearly understand their safety and health responsibilities.

Learning Outcomes:

The learner will be able to:

1. Identify why it is important to work safely.
2. Identify everyone's responsibilities in relation to safety, health and wellbeing in the workplace.
3. Define key terms in safety and health.
4. Identify workplace hazards and risks, their impact and how to control them.
5. Identify ways safety, health and wellbeing are managed and improved within the workplace.

Course Contents:

The courses have 4 units:

1. Introducing working safely.
2. Defining hazard and risk.
3. Identifying common hazards.
4. Improving safety performance.

Assessment:

The **IOSH Working Safely** course is assessed by a short multiple choice exam and hazard spotting exercise at the end of the course.
