IOSH Managing Safely

Who Should Attend?

IOSH Managing Safely is designed for anyone in a management or supervisory role, in any sector or country. The IOSH Managing Safely course provides the essential knowledge and understanding of how to manage health & safety responsibilities in the workplace.

Achieving the IOSH Managing Safely Certificate:

- Enables you to assess and control risks and hazards.
- Provides a full understanding of your responsibilities for safety and health.
- Enables you to investigate incidents.
- Empowers you to measure your own performance against good practice.

Learning Aims:

- To give managers and supervisors an understanding of everyone's safety and health responsibilities in the workplace.
- To enable managers and supervisors to recognize how they can influence, control and monitor risk to improve safety and health issues in the workplace.

Learning Outcomes:

The learner will be able to:

- Describe the key reasons to manage safety and health in the workplace.
- Define key terms relating to safety and health.
- Identify how the law can have an impact on safety and health in the workplace.

- Describe how to assess, reduce and control risk in the workplace.
- Identify workplace hazards and risks, their impact and how to manage them.
- Identify how to evaluate and respond to an incident.
- List the benefits and characteristics of an effective health and safety management system.

Course Contents:

The course has 7 units (modules):

- Introducing Managing Safely.
- Assessing Risk.
- Controlling Risks.
- Understanding Responsibilities.
- Understanding Hazards.
- Investigating Incidents.
- Measuring Performance.

Assessment:

IOSH Managing Safely is assessed by a 30 question mixed format exam and a short practical assessment (a workplace risk assessment) completed at the end of the course.

- If you are studying by online, your exam is online and the practical assessment completed at your workplace.
- Successful delegates are awarded an IOSH certificate.
