Configuring and Operating a Hybrid Cloud with Microsoft Azure Stack (MIC-MCOAS)

Duration: 3 days

Prerequisites

Before attending this course, you should have working knowledge of:

1. **Windows Server 2016**
2. **SQL Server 2014**
3. **Microsoft Azure**

Do you have what it takes?

We´ll help you decide – Call us to discuss your technical background, experience and qualifications to determine how we can help you succeed in this Readiness programmer.
Just call us and speak to one of our enrolment consultants.

Course Objectives

On this 3-day accelerated course, you'll learn key aspects needed to deploy and configure a Hybrid Cloud environment using the Azure Stack.

You'll benefit from at least 12 hours of quality learning time a day – meaning you'll pack in more learning in less days. You'll get the latest Microsoft content taught by your experienced Microsoft Certified Trainer (MCT), who will immerse you in the curriculum at our distraction-free training center.

This course will take you through the key features of Microsoft Azure Stack and how to manage a variety of Azure services, which will enable you to:

1. **Describe the components and architecture of Microsoft Azure Stack.**
2. **Deploy Microsoft Azure Stack.**
3. **Understand the Windows Server 2016 features used in Microsoft Azure Stack.**
4. **Understand how DevOps use Microsoft Azure Stack.**
5. **Offer resources in Microsoft Azure Stack.**
6. **Manage IaaS and PaaS in Microsoft Azure Stack.**
7. **Perform monitoring and troubleshooting in Microsoft Azure Stack.**
8. **Understand how licensing and billing works in Microsoft Azure Stack.**
9. **You'll accelerate your learning through our unique Lecture | Lab | Review technique, which allows you to get hands-on, practical experience alongside theoretical knowledge.**

During the course, you'll prepare for and sit exam 70-537: Configuring and Operating a Hybrid Cloud with Microsoft Azure Stack.

If you're a Dev Ops or Cloud Service Administrator who wants to provide cloud services through the Microsoft Azure Stack, this course is ideal for you.

At Readiness, we know your time is valuable. That's why we give you the opportunity to gain your Configuring and Operating a Hybrid Cloud with Microsoft Azure Stack training and certification in just 3 days. We provide the best conditions for you to learn and pass your exam.

With us by your side, encouraging and guiding you along the way, you can enjoy 3 intense, focused days of quality learning in a distraction free environment. Your expert instructor will be working with Readiness unique accelerated learning methods, which include our exclusive lecture/lab/review methodology with real life cases putting you in the best possible position to learn and retain knowledge.

Sitting your Configuring and Operating a Hybrid Cloud with Microsoft Azure Stack course with Readiness means:

1. You´ll get more hours of training per day, allowing you to get trained faster and more cost-effectively than with any other training provider.
2. You will be trained by one of the most expert instructors in the world.
3. You can focus purely on learning in our distraction free environment.
4. Dedicated onsite support and access to your classroom at all hours.
5. The price you pay is all-inclusive and covers all course materials, exam, accommodation, meals and transportation service.
6. The Certification Guarantee allows you to train again for free, if you do not pass first time. You only pay for any exams and labs, and accommodation.
